FROM THE PRINCIPAL

Dear Thomas Mitchell Parents,

We have now almost completed our second week of home learning.

I am very proud of the work being done by both staff and students. I would like to offer a big “thank you” to parents for the amazing job that you are doing in supporting your children’s learning from home in this difficult time.

As this is only the second week of home learning, I want to assure parents that the teachers are regularly reviewing the work they prepare, and monitoring the responses of the children. We are holding regular on-line meetings to check in with staff and review the work being prepared.

We are all in a “learning mode” with this home learning. Please stay safe and well.

By working together, we will get through it!

John Hurley
Principal
