

2015 Annual Report to the School Community

Thomas Mitchell Primary School

School Number: 5294

Name of School Principal: John Hurley

Name of School Council President: Michael Vekic

Date of Endorsement: 24 March 2016

All Victorian government school teachers meet the registration requirements of the Victorian Institute of Teaching (www.vit.vic.edu.au).

This school meets prescribed minimum standards for registration as regulated by the Victorian Registration and Qualifications Authority (VRQA) in accordance with the Education and Training Reform Act 2006, inclusive of those schools granted an exemption by the VRQA under the 'Student enrolment numbers' and/or 'Curriculum framework for schools - languages program' minimum standards until 31 December 2015

About Our School

School Context

Thomas Mitchell Primary School is situated in Endeavour Hills, 7km East of Dandenong. It is a dynamic learning community consisting of a diversity of cultural and linguistic backgrounds, with a strong tradition of educational excellence and school pride. Parents, staff and students share a love of learning and are committed to maintaining a culture of continuous improvement, mutual respect and personal growth.

Our school is one of only 20 schools in Victoria to have gained full accreditation with the Council of International Schools. This commits TMPS to an ongoing process of rigorous self and peer evaluation involving all aspects of the school, and ensures that our students will continue to receive high quality education in the years to come.

Our vision statement ensures that the growth and development of children is the primary focus of all decisions made by the school.

We offer a range of high quality programs and facilities; Before and After School Care, Science, Physical Education, Visual Arts, LOTE (Indonesian and Mandarin) programs. Other specialist programs offered include Learning Extension, Literacy Support and Music (Singing). Asian Literacies is integrated throughout the curriculum. Students have access to Smartboards, LCD screens, desktop computers, notebooks and iPads.

Thomas Mitchell is proud of its extensive and well developed grounds which it shares with a number of community groups. The sports grounds include an artificial turf soccer pitch and running track. A full sized gymnasium and language learning centre were opened in 2011. Our Early Learning Centre has been architecturally designed to provide an outstanding start to school for our preps.

We are working consistently to provide a very broad range of opportunities for our students through the depth of extra enhancement and/or support programs offered.

Achievement

Thomas Mitchell PS is consistently performing at or above our expected level of performance.

Teacher assessments show that the school performance is consistent with schools with a similar SFO. In English and Mathematics our students are achieving particularly well and with a wide diversity of programs. Our students are challenged to achieve success across a broad range of activities.

NAPLAN results indicate that our students at Year 3 are performing at a strong level. Scores in Writing, Spelling and Language Conventions are well above National averages. Students are also achieving above the National average in Reading and Numeracy. In Year 5, students are working above the National average in all areas.

Students with a disability showed progress at satisfactory or above in achieving their individual goals.

Engagement

Our data indicates that student attendance is consistent across the school, and consistent across the past 4 years. It is also consistent with state norms. The common reasons for student absences are illness and extended family holidays. In this highly multicultural school, many families are inclined to visit relatives in their country of origin, especially for family functions like weddings and major birthdays. Family and cultural ties are strongly supported by the school.

Wellbeing

Our wellbeing results are derived from a range of data, including the Student Attitudes to School Survey.

Both the long term (2011-2015) average results and the 2015 result were similar, and above the state median.

School values are an important part of student learning and are revisited regularly throughout the year.

Productivity

The allocation of resources across the school (human, educational, financial, physical, space) continues to be a focus in order to maximise the learning outcomes for all students. Parent Opinion and Staff Survey results are on a par with the median for all Victorian Government schools. These results will continue to be used to ensure we meet the needs of our school community.

For more detailed information regarding our school please visit our website at
<http://www.tmps.vic.edu.au>

Performance Summary

The Government School Performance Summary provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community will help to deliver community engagement in student learning in the school, which is a state-wide priority of the Framework for Improving Student Outcomes.

Key: Range of results for the middle 60 % of Victorian government primary year levels: Result for this school: Median of all Victorian government primary year levels:

School Profile

Enrolment Profile

A total of 800 students were enrolled at this school in 2015, 401 female and 399 male. There were 51% of EAL (English as an Additional Language) students and 1% ATSI (Aboriginal and Torres Strait Islander) students.

Overall Socio-Economic Profile

Based on the school's Student Family Occupation index which takes into account parents' occupations.

Parent Satisfaction Summary

Average level of parent satisfaction with the school, as derived from the annual *Parent Opinion* survey. The score is reported on a scale of 1 to 7, where 7 is the highest possible score.

School Staff Survey

Measures the percent endorsement by staff on school climate derived from the annual *School Staff survey*. The percent endorsement indicates the percent of positive responses (agree or strongly agree) on school climate from staff at the school.

Data are suppressed for schools with fewer than three respondents to the survey for confidentiality reasons.

How to read the Performance Summary

What are student outcomes?

Student outcomes show the achievements of students in this school in English and Mathematics. They also show results in national literacy and numeracy tests and, for secondary colleges, the Victorian Certificate of Education (VCE) examinations. They provide important information about student attendance and engagement at school.

For secondary colleges, the Performance Summary also provides information about how many students at this school go on to further studies or full-time work after leaving school.

You can see these results for the latest year, as well as the average of the last four years (where available).

The Performance Summary also allows you to compare student outcomes for students at this school with the outcomes of students in all other Victorian government schools.

Additionally, NAPLAN learning gain charts are provided for each of the NAPLAN domains. These compare a student's current year NAPLAN result to the results of all 'similar' Victorian students (i.e. students in all sectors in the same year level who had the same NAPLAN score two years prior).

If the current year result is in the top 25% their gain level is categorised as 'High', the middle 50% is categorised as 'Medium' and the bottom 25% is categorised as 'Low'.

Results for students working within Towards Foundation Level AusVELS (AusVELS A-D) show the percentages of these students making progress below, at and above the expectations of their schools.

What is a School Comparison?

The *School comparison* is a way of comparing school performance that takes into account the different student intake characteristics of each school.

A *School comparison* takes into account the school's academic intake, the socio-economic background of students, the number of Aboriginal students, the number of non-English speaking and refugee students, the number of students with a disability, and the size and location of the school.

The *School comparison* measures show that most schools are doing well and are achieving results that are 'similar' to what we would estimate given the background characteristics of their students. Some schools are doing exceptionally well with the students they have, and have 'higher' performance. Some schools have 'lower' performance after taking into account their students' characteristics – these schools will receive targeted support to ensure that there is improvement.

Looking at both the student outcomes and school comparisons provides important information about what a school is doing well and the areas that require further improvement.

More information on school comparison performance measures can be found at: <http://www.education.vic.gov.au/school/principals/management/pages/performreports.aspx>

What is the meaning of 'Data not available'?

For some schools, there are too few students to provide data. For other schools, there are no students at some levels, so school comparisons are not possible. Newly opened schools have only the latest year of data and no averages from previous years. The Department also recognises the unique circumstances of Specialist, Select Entry, English Language and Community Schools where school comparisons are not appropriate.

What is this school doing to improve?

All schools have a plan to improve outcomes for their students. The 'About Our School' statement provides a summary of this school's improvement plan.

Financial Performance and Position

Financial Performance - Operating Statement Summary for the year ending 31 December, 2015

Financial Position as at 31 December, 2015

Revenue	Actual
Student Resource Package	\$6,446,776
Government Provided DET Grants	\$471,260
Government Grants Commonwealth	\$2,700
Government Grants State	\$10,597
Revenue Other	\$19,360
Locally Raised Funds	\$366,116
Total Operating Revenue	\$7,316,809

Funds Available	Actual
High Yield Investment Account	\$360,082
Official Account	\$53,278
Total Funds Available	\$413,360

Expenditure	
Student Resource Package	\$5,426,224
Books & Publications	\$39,910
Communication Costs	\$11,815
Consumables	\$85,511
Miscellaneous Expense	\$273,006
Professional Development	\$30,846
Property and Equipment Services	\$450,292
Salaries & Allowances	\$5,510
Trading & Fundraising	\$104,585
Travel & Subsistence	\$7,952
Utilities	\$46,943
Total Operating Expenditure	\$6,482,593

Financial Commitments	
Operating Reserve	\$145,604
Asset/Equipment Replacement < 12 months	\$50,000
Maintenance - Buildings/Grounds incl SMS<12 months	\$79,330
Revenue Received in Advance	\$3,489
School Based Programs	\$8,991
School/Network/Cluster Coordination	\$36,200
Other recurrent expenditure	\$89,746
Total Financial Commitments	\$413,360

Net Operating Surplus/-Deficit **\$834,216**

Asset Acquisitions **\$75,125**

Student Resource Package Expenditure figures are as of 21 March 2016 and are subject to change during the reconciliation process.

Misc Expenses may include bank charges, health and personal development, administration charges, camp/excursion costs and taxation charges.

Salaries and Allowances refers to school-level payroll.

All funds received from the Department, or raised by the school, have been expended, or committed to subsequent years, to support the achievement of educational outcomes and other operational needs of the school, consistent with Department policies, School Council approvals and the intent/purposes for which funding was provided or raised.

The school continues to maintain a sound financial position. Revenue sources and non capital expenditure are similar to previous years, with small variances due to minor changes in enrolment. School Council has contributed significant additional funding to supplement DET grants to maintain school facilities and the provision of ICT equipment for staff and student use at an excellent standard.
