THOMAS MITCHELL PRIMARY SCHOOL

November 2024

Dear parent/guardian,

PARENT PAYMENT REQUESTS FOR 2025 YEAR 6

Thomas Mitchell Primary School is looking forward to another great year of teaching and learning and would like to advise you of the school's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support. This has made a huge difference to our school and the programs we can offer.

Within our school parent support has allowed us to offer a wide range of subjects and additional programs and resourcing such as:

- Building on, and updating our Digital Technologies, including iPads, student notebooks and robotics (rather than ask parents to provide under a Bring Your Own Device program) and ensuring a student ratio of at least 1:2
- Extension program, Tutoring Learning
- Enrichment opportunities
- Science and STEM specialist programs
- Enhancing our Literacy and Numeracy programs with access to online technologies and the provision of Learning Specialists to support staff and learning
- A well resourced Library with a qualified Librarian
- Enhancing our Arts program in the areas of Visual Arts and Performing Arts classroom specialists
- Employment of qualified and experienced School Nurses
- New shade sails outside the Performing Arts classroom
- Upgrading and maintaining split system air conditioning to all classrooms
- Employment of a Wellbeing Coordinator to support student wellbeing and engagement throughout the school
- Installation of playground soft fall to replace mulch
- Painting of some portable classrooms
- Installation of a second Soccer pitch, from fundraising monies

In 2025, we would like your support to help us continue improvement projects such as:

- Provisioning and maintenance of Information Technology Devices and employment of support personnel, ensuring a minimum of 1:2 ratio (students to devices)
- Ensuring access to communication software (Compass) to facilitate payments of events, notifications of health centre attendances, unexplained absences, including student safety matters, conferences, etc
- Additions to our playground equipment
- Maintenance to our Fake Grass, Soccer Pitch areas and improvement of school gardens and grounds
- Continued employment of qualified staff to manage our health centre and first aid needs
- Continued employment of a Wellbeing Coordinator – to support student wellbeing and engagement, and the implementation of social skills program
- An Environmental Program, including extension of our vegetable garden
- Renovation of male and female student toilets.

In the following pages, we have listed our requests in detail. They are broken down into 3 categories.

- Curriculum Contributions, including Student Book Lists
- Other Contributions

Please note we are also suggesting parents of students in years 3 to 6 make a contribution for the **School Sports Affiliation costs**, which cover the cost of affiliation and coordination of sports programs at the District, Divisional, State and Nationwide levels for children in years 3 to 6. The school pays in excess of \$8000 for these fees. Without it, our children would not have opportunities to participate in external sporting activities.

- Extra Curricular Items and Activities

RECEIPTING

When making payments, please ensure you obtain a receipt for your reference and any enquiries.

REFUNDS

Parent requests for refunds are subject to the discretion of the school and are made on a case by case basis. Refunds will be provided where the school deems it is reasonable and fair to do so, taking into consideration whether a cost has been incurred, the Department's Parent Payment Policy and Guidance, Financial Help for Families Policy and any other relevant information.
